

Directions: To make this booklet, you will need 10 pieces of paper. I used blue and red cardstock. The first piece of paper does not need to be cut. Then all consecutive papers need to have their bottom trimmed in multiples of 2 inches. Cut off 2 inches on the next sheet and then 4 inches for the following sheet and 6 inches for the additional sheet and so on. Use the labels below or write your own. Use the images below or draw/find your own. The child can then write a few sentences next to each graphic. The graphics are purposefully small to allow for more writing of facts about them.

Materials:

Cardstock

Ruler

Scissors

Glue

Holepunch

Rings, yarn or pipe cleaners to hold it together

Sharpie or markers (or cut and paste the words below)

Images (see below)

Patriotic Symbols Of The United States of America
